Web Site Support: Contact us to receive a FREE, no obligation, quote on professional support for www.yourdomain.com. Plans include changes to text, images, etc; addition of links, banners, promotion snippets; integrity checking. Quarterly search engine submissions, and search engine monitoring for position may be included. Randomly run testing for optimal site performance.

Support does not mean removing the majority of the content from a page and replacing it with new text or graphics. Support does not mean rebuilding a web site's design elements. Sites not developed by Ellen Lebsock Design will require a thorough structural survey and initial set up fee before support is initiated.
